After you have successfully completed the Registration Form, these are the following steps to complete your Registration Process:

1. You will receive a **first email with the registration confirmation**.

2. You then receive a **second email with the link to make the payment.**

3. The second email arrives regardless of the payment method the person selects. This is so that the person can pay through the application if they decide. **If you maintain that your payment will be made by bank transfer, you can ignore the second email with the online payment link and you will receive an additional email with the banking details.** Participants who select bank transfers as their payment method must reply to said email with their Proof of Payment.

4. After making the online payment (using credit or debit cards), the person receives **a third email with the Proof of Payment.** This email is generated immediately once the transaction is approved, through credit card processing, via the AZUL intermediary. **Participants who select Bank Transfers as their payment method will receive a confirmation email, after they've sent the Proof of Payment.**

5. If you've registered and have **not received any of the emails indicated above, they should be asked to search the Spam repository or Junk Mail.**

6. Registrants must make payment before the **payment deadline on June 14th 2024.**

7. Lastly, you will receive a **QR code** with Participant registration number | First names | Last names | Identity Document No. | Email | Participant Category | Payment Method.
